

2018 Israel Tour

March 14-25, 2018

Led by Dann Spader with Dave Empson

Dann Spader and Dave Empson invite you to join them on a study tour to Israel in 2018. Israel has been called the Fifth Gospel because God came to earth in one particular place...the land we call Israel. The events of the Incarnation have impacted history for the last 2000 years, and where God was humanly revealed remain available for us to visit today.

Walking the soil of the Holy Land and visiting the events from the life of Christ will

give you greater understanding and clarity about the Good News of the four Gospels.

Our study tour will focus on Christ's life and ministry. We will spend our first night on the Mediterranean Sea and then travel to Nazareth learning about His early years. We'll spend 3 nights on the Sea of Galilee discovering Jesus' ministry training priorities. We will visit the wilderness to understand His ministry launch. Jerusalem will be home for 5 nights as we trace the sites associated with the teaching and passion of Christ. Along the way we'll visit other famous sites like Bethlehem, Masada, the Temple Mount, the Valley of Elah and Jericho.

At each location we will have a licensed guide give us the information we need to understand the biblical and historical setting of the sites. Then Dann will teach about the life of Christ and what we can learn about His methods of disciple making. Imagine standing in the places you've studied in the Bible and focusing on the life of Christ! We guarantee you will never read the Bible in the same way again.

Costs

The land portion of the tour will be \$2600 double occupancy. Single occupancy rates will be an additional \$925. Costs will include: 10 nights' lodging, deluxe bus transportation, daily breakfast and dinner, all entrance fees, the services of a professional guide and driver, and all tips for drivers, guide, and hotel staff. Not included: airfare (about \$1500), lunches, and personal expenses. Each person will purchase their own airfare... allowing a variety of options. For those coming from various locations, we will give specific flight directions.

Safety in Israel

We are aware that news coverage frequently portrays Israel as a dangerous place to visit. In our experience, such news and advisories seldom match the scene we witness in the country. Events are very localized, and just as you are careful in certain areas in your own country, we are careful in certain areas in Israel. If problems do flare up, our guides are in constant contact with local authorities and make adjustments to the itinerary to keep us from areas of potential trouble. Dann has visited

Israel over 50 times without any safety issues.
